## BOUTIQUE DEVELOPMENT OF EIGHT FRONT-LINE GOLF TOWNHOUSES IN ESTEPONA

Introducing Oasis Estepona Golf, a collection of eight off-plan townhouses on the front line of Estepona Golf Course. Situated a 10-minute drive from the center of Estepona and 20 minutes from the famous Puerto Banus, the development is designed to offer tranquility and privacy while providing easy access to a wealth of facilities and amenities.

The complex is made up of eight 3-bedroom townhouses overlooking the fairways of Estepona Golf Course. Each townhouse is built on three floors, comprising on the ground level an entrance hall with a dressing room, a spacious and stylish open-plan living and dining area with an integrated modern kitchen, a bedroom and a bathroom. This level has access to the terraces, garden area and private swimming pool.

The first floor consists of two bedroom suites, each with a private terrace and a dressing area in the main bedroom. Upstairs is a rooftop solarium with fantastic views, and on the lower level is a spacious multi-purpose basement. Both the basement and the solarium can be fully customised to your own preference, offering endless possibilities. In addition, each townhouse has an off-road parking on its driveway.

With a sleek and functional design, soothing neutral palettes enhanced with natural elements such as light oak and marble, these homes are ideally suited for a dynamic lifestyle. The latest building techniques ensure maximum energy efficiency, complemented by photovoltaic panels that harness solar power. Every residence is delivered with the possibility of a high quality interior design project.

The residences boast an ideal location, next to the clubhouse and emerald fairways of one of the best golf courses in the area, and within a short driving distance of numerous prestigious golfing venues, such as Finca Cortesin. Also nearby are international schools, shopping centers, restaurants, sports and wellness amenities, and the stunning golden sands of the Costa del Sol.

Estimated completion date: October 2025
